Jane Ellen, Attached is the Additivity Report track changes version. This includes all of the track changes thru 5-8. We used the clean version to make final changes from 5/8-5/25. Perhaps we can capture those using compare docs? This also includes Ch 4 seperated from Jeff.

Sorry I forgot about not keeping the whole doc in track changes. There were concerns about stability due to all of the track changes.

As always, my sincere thanks,  
Glenn
